

## LAUDS LANDLORDS FOR AIDING TWO NEEDY TENANTS

Case of Distress, Heard in  
Bronx Court, Brings Ready  
Contributions From Auditors.

Two landlords in the Bronx were commended by Justice Harry Robb today for their generosity to tenants in distress. The court declared if there were more landlords with a human side to them things would be better for everybody. He also said he proposed to be as lenient as possible in cases where there was real distress and the heads of families were out of work.

Louis Kuperman had Mrs. Sophia Vandra in court. Mrs. Vandra, who pays \$15 a month for four rooms at No. 112 St. Ann's Avenue, admitted she owed three months' rent. She said her husband was out of work and her baby was only six weeks old, and she had no money at all. Kuperman said he was willing she should remain in the rooms for three months more, and he agreed to wait that long without asking her for any rent in the hope the family would get on its feet.

Mrs. Grovumari Lougo of No. 327 East 146th Street owed a month and a half rent at \$22. She said her husband died on May 13, that she had six children, the eldest twelve and the youngest fifteen weeks, with neither money nor food.

"She may remain where she is until July 1, without paying a cent," said Louis De Palma, the landlord. "And if she will move by that date I will give her \$10 cash."

The case was so pitiable that a collection was taken up. The Justice gave \$5 and De Palma matched him with \$5. Attorneys, policemen and court attendants added \$20 more to it. The woman promised to spend the money for food. She said by July 1 she hoped to get her children in a home of some kind, and be strong enough to go out to work.

### KEMAL WORRYING ALLIES.

Necessity of Supreme Council Decision on Turk Activity Growing.

LONDON, June 1 (Associated Press).—It appears not improbable that the necessity will arise for submitting the Ankara question to the Allied Supreme Council, owing to the reported aggressive attitude of Mustafa Kemal Pasha, the Turkish Nationalist leader there, toward the Entente. It was said in official circles here to-day.

Great Britain not only resents the recent execution as a spy of Mustafa Sahir, a British-Indian subject, but has also taken cognizance of other alleged violations of the agreement signed by the London conference on Near East questions. It was said. Informal conversations already have been held among the Allies, but definite measures have not been decided upon.

## ROCKEFELLER GOES TO BOYHOOD HOME

"Here Is Where I Earned My First Dollar," He Tells His Grandchildren.

AUBURN, N. Y., June 1.—Speaking to his grandchildren, who accompanied him to his boyhood home, now the Van Arsdale Place, four miles north of Moravia, John D. Rockefeller yesterday afternoon said:

"Here is where I earned my first dollar" and he described to the children of John D. Jr., how he had raised a flock of turkeys back in 1848 and sold them as his own enterprise.

Mr. Rockefeller came to Moravia on appointment with J. B. Van Dyne, a cousin, and they motored up the hill over Onondaga where the oil magnate spent the happiest years of his childhood. After going through the old rooms and recalling familiar scenes the party returned to Moravia, after which Mr. Rockefeller and his kin motored back to Watkins Glen.

On departing from Moravia, Mr. Rockefeller rewarded the Van Dyne youngsters with a few shiny buffalo nickels.

## POLES AND GERMANS IN BATTLE AGAIN

Seventy-Five Killed at Kallanow—  
Rebels Threaten Reign  
Of Terror.

OPPEL, Upper Silesia, June 1.—Repulsed in their latest attacks on the German lines near Kallanow, Polish insurgents are threatening a reign of terrorism. The Poles were said to have planned to use dynamite on public buildings and German homes. They were especially angered at the arrival of British reinforcements in Silesia.

The insurgents reduced the castle of Kallanow with an artillery and machine gun attack but were driven back on Annaberg. Sixty Poles and fifteen Germans were killed during the engagement.

The number of Poles in the battle was estimated at between seven and eight hundred.

British troops settled in their new positions to-day to await the arrival of three more battalions.

## SUPREME COUNCIL MEETING DELAYED

Not Likely to Be Held Before  
June 15—French Premier Out-  
maneuvered Lloyd George.

PARIS, June 1.—The Supreme Council is not likely to meet before June 15. Premier Briand has thus outmaneuvered Prime Minister Lloyd George, who sought an earlier meeting to consider the Silesian situation, as he has outmaneuvered the opposition to his policy in the Chamber of Deputies and the Senate. The latter also gave him a vote of confidence to-day.

While the French response, which in great detail reiterates French views on Silesia, leaves an opening for Mr. Lloyd George to employ further pressure for an earlier date, it is thought that, as France made a concession by agreeing that the experts commission shall sit at Oppel instead of Paris, Britain will yield on her side regarding the Supreme Council.

## WAR BONUS BLANKS READY FOR ISSUE

Legion and Foreign War Posts to  
Distribute Applications Within  
Few Days.

ALBANY, June 1.—Application blanks for the soldier bonus are to be distributed to various posts of the American Legion and Veterans of Foreign Wars within two or three days, it was announced today.

The Posts will distribute the applications within the State. Beneficiaries of deceased soldiers will make application direct to the commission, as will committees for insane soldiers.

Only those veterans who were actual residents of the State when the bonus was voted, Nov. 2, 1920, will be entitled to the money. Nurses, as well as soldiers and sailors are eligible for the bonus, but no one who was ranked above captain in the army or marine corps, or lieutenant, senior grade, in the navy will receive it.

The bonus is \$10 per month for each month of service, but no person is to receive more than \$350.

## WEALTHY WIDOW BURNED TO DEATH

Searchers Find Mrs. Sewell's  
Charred Body in Yard of  
Summer Home.

(Special to The Evening World.)  
NEWTON, N. J., June 1.—The charred body of Mrs. Susanne E. Sewell, seventy-six years of age, a wealthy widow, was found early to-day in the yard of her summer home at Morris Lake, near here. Apparently her clothing had caught fire while she was burning refuse in the yard.

She had been coming from her home in Roselle, N. J., every summer for fifteen years to occupy her bungalow. Since the death of her husband, a few years ago, she had lived alone.

She arrived yesterday and started putting her home in order. Last night neighbors called. They found her house open but nobody in sight. They searched several hours and after midnight found a burnt area where grass had caught fire from a stove in which Mrs. Sewell had burned trash. Finally they found her body.

Tax problems of states and municipalities will be discussed, as will be inheritance taxes, Federal subsidies, forestry taxes, railroad and public utility taxation, etc. Zenas W. Bliss, Chairman of the Rhode Island Tax Commission, is President of the Association, and A. E. Holcomb, No. 126 Broadway, New York, Secretary.

## Mexico Chases Bolsheviks as Outlaw.

MEXICO CITY, June 1 (Associated Press).—President Obregon, in a circular directed last evening to the Governors of all the States, described Bolsheviks as persons acting wholly outside the law and requested that all means and measures be utilized to prevent demonstrations of a serious nature by them.

## SUES FOR \$25,000 OF AGED INVENTOR

Millionaire Wants Fund Discovered  
by Bank After Nine  
Years.

William Gierth, sixty-eight years old, an inventor, who was informed several months ago after he had been living for years in penury, that he had an account of \$25,000 in the Fidelity Trust Company, began a fight today in Newark, N. J., to retain the money. The account was discovered by Ralph M. Kutz, teller in the bank, who found that it had not been touched in nine years. He searched for Gierth, and found him in a cheap lodging house almost in the rear of the bank. An agreement was made with the teller whereby Gierth was to give him \$10,000 for his services.

To-day a claim was made for the entire \$25,000 by Ingis M. Uppercu, millionaire sportsman, automobile man, and backer of the Aeromarine Company. He alleges he gave Gierth a \$2,500 check in a real estate transaction which was raised to \$25,000. Uppercu's claim was laid before Vice Chancellor Foster in the Court of Chancery, and came as a complete surprise to Gierth, and to Kutz, who has not yet obtained the \$10,000. Vice Chancellor Foster postponed the hearing until June 20.

## Plebeite Suggested in Tacna- Arica Dispute.

SANTIAGO, Chile, June 1.—Suggestion that a plebeite be held in the districts of Tacna and Arica, in northern Chile, for the purpose of determining whether they would remain Chilean or would become parts of Peru, was made by President Alessandri in his message to Congress here to-day.

## PEACE RESOLUTION FRIDAY.

Porter Measure To Be Reported in  
Place of Knox Bill.

WASHINGTON, June 1.—The House Foreign Affairs Committee will meet Friday to report a peace resolution, which, however, is not expected to reach the House in time for consideration this week.

Republican members of the committee already have agreed, it is said, to report the Porter resolution, which merely provides for a termination of war, in place of the Knox resolution passed by the Senate repealing the declaration of war.
